

**Angelica Limousines
gives back!**

The company donates
5% of all profits to
charity. For your
wedding, you can
specify the charity of
your choice.

We found a company in the Bay Area that truly caters to the budget-conscious bride by offering affordable, yet elegant “Limousine Marriages.” This option eliminates the expense and stressful planning of a traditional wedding.

Angelica Limousines is a full-service, global transportation company, but within the last three years they have developed a way to meet the needs of couples that are interested in a simple, budget-friendly wedding. You can have a wonderful wedding starting at just \$199. This package includes a luxurious sedan for two hours which will accommodate 2-4 people, an ordained interdenominational officiate, friendly chauffeur, champagne, digital pictures, a red carpet, and transportation to a destination of your choice for the ceremony. Limousine marriages begin at \$199 but the options and additional services are endless.

Robert Drake, co-founder and Vice President, recognizes that your wedding “is the most precious day, outside of your child’s birth, in [your] lives.” Formerly the Spa Services Manager at the Sonoma Mission Inn, Robert places a top priority on customer service. He ensures absolute perfection from his staff when it comes to the details of your wedding. Robert truly respects every client and understands that “time is important, lives are important, feelings are important, tastes are important, and dreams are important.”
